

# Solution Partners

Canadian Owned and Operated

## Empowering Revenue Growth

Our solution partners benefit from the opportunity to drive their business growth by integrating TruPoint's services. By offering a comprehensive, secure, and compliant work-from-anywhere IT solution, partners can expand their market reach and enhance their service offerings.

- New Market Opportunities
- Increased Customer Value
- No Minimums, Excellent Margins

## Enterprise Class DaaS

TruPoint's Desktop-as-a-Service (DaaS) solutions, powered by Citrix, offer unparalleled reliability and performance, making it a prime choice for Managed Service Providers (MSPs) and Accounting firms. Our partners can confidently extend these robust solutions to their clients, ensuring a seamless and efficient digital workspace experience.

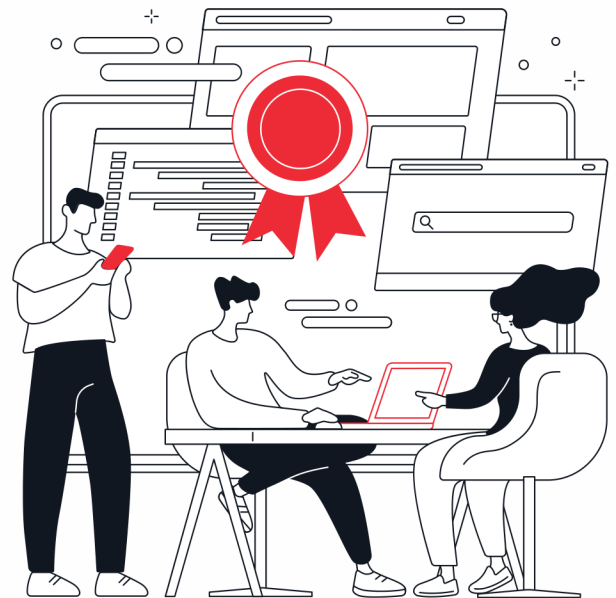

- Smooth, Reliable User Experience
- Daily Full Backups w/30 Day Retention
- SSAE and PCI Certified Facilities

## Compliance Made Easy

At TruPoint, we understand the critical importance of data security and regulatory compliance. Our commitment to these aspects not only strengthens our partners' service portfolios but also instills trust and confidence among their clientele.

- IT Policies and Security Standards
- Controls, Forms, and System Logging
- Initiate Training, Track Completion
